Who are we?

Westwood Community Schools Education Foundation is a non-profit independent organization of volunteers committed to enhancing the quality of education through:

- Financially supporting district wide learning initiatives.
- Respond to emerging educational needs.
- Fostering Collaborative projects with community partners.

How can we do this?

Only with your help. Only with the help and support of our community can we accomplish anything. As John F. Kennedy said “*My fellow Americans, ask not what your country can do for you, ask what you can do for your country.*” This great saying holds true for our local community as well.

What can you do?

- Become a member of the Westwood Community Schools Education Foundation.
- Volunteer at our upcoming fundraisers or school projects.
- Donate
- Spread the word to friends, family, and businesses to do the same.

Change for Change

Please donate your pocket change today and provide for future projects.

With so many scholarships out there why would you want to donate to Westwood Community Schools Education Foundation to fund scholarships?

- Our students won't have to compete with the nation to receive this scholarship.
- It is a tangible way to show our graduates how proud we are of them.
- Every dollar in scholarship money
