

3335 South Beech Daly, Dearborn Heights, MI 48125 (313) 565-1900
Sue C. Carnell, Superintendent

April 1, 2016

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2014-15 educational progress for the Westwood Community School District and our schools. The AER addresses the complex reporting information required by federal and some requirements of state laws. Our staff is available to help you understand this information.

The DISTRICT AER is available for you to review electronically by visiting the following web site <http://westwood.k12.mi.us/>, or you may review a copy in the main office at your child's school. Each school will also be communicating their own AER to parents directly.

These reports contain the following information:

Student Assessment Data – Elementary or middle school assessment results on the Michigan Student Test of Educational Progress (M-STEP), high school assessment results on the M-STEP component of the Michigan Merit Exam (MME), and assessment results for students with disabilities on Michigan's Alternative Assessment Program (MI-Access).

- Presents achievement data for all four tested subjects (English language arts, mathematics, science, and social studies) compared to targets for all students as well as subgroups of students
- Helps parents understand achievement progress within schools and compare these to district and state achievement

Accountability Scorecard – Detail Data and Status

Due to the transition from MEAP tests to the M-STEP test, the accountability portion of the AER is limited to assessment participation and graduation/attendance rates. Full accountability reporting will resume with the 2015-16 AER.

Teacher Qualification Data

- Identifies teacher qualifications at district and school levels
- Reports percentage of core academic classes taught by teachers not considered highly qualified to teach such classes

NAEP Data (National Assessment of Educational Progress)

- Provides state results of the national assessment in mathematics and reading every other year in grades 4 and 8

In the Westwood Community School District, we are committed to continuous school improvement at all levels of the organization. Having recognized the achievement gaps within our district, we intentionally created programs to address these gaps, such as the Early Literacy initiatives, Academy of Engineering, Multi-Tiered Systems of Support, Every Day Mathematics in the elementary grades, Carnegie Blended Mathematics in the secondary grades, READ 180, MATH 180, Advanced Placement courses, Robotics, and Dual Enrollment opportunities. Furthermore, we provide academic summer enrichment programs at no cost to our families.

If you need assistance with the information contained within the report, please contact Jennifer Martin-Green, Executive Director of Innovation and Instruction at (313) 565-1117 for further assistance.

Sincerely,

Sue C. Carnell,
Superintendent
