School Annual Education Report (AER)

Monday, August 18, 2014

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER), which provides key information on the 2013-2014 educational progress for Tomlinson Middle School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact Kristen Kajoian for assistance.

The AER is available for you to review electronically by visiting the following web site <http://westwood.tms.schooldesk.net/> or you may review a copy in the principal's office at your child's school.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Our school has not been given one of these labels.

Tomlinson Middle School has identified math, reading and science as areas of concern for student achievement as measured by the MEAP. To address the areas of challenging achievement, we have implemented a STEM (science, technology, engineering, mathematics) course for both 7th and 8th graders in addition to their core subjects. This additional course is Project Lead The Way. All students will enhance their science and math classes with Project Lead The Way. We are also in year two of a new blended math program. This fall, students will continue using Carnegie Learning to support math instruction. These programs are designed to improve student achievement in math and science. We have broadened our elective offering to encourage student inquiry and motivate student learning. State law requires that we also report additional information:

- Tomlinson Middle School is part of the Westwood Community School District. Students from across Wayne County may register to attend during the open enrollment period. Tomlinson Middle School participates in unlimited school of choice during the fall.
- As part of a continuous effort to improve, our staff, stakeholders and administrators continue to focus on the goals of school improvement. The School Improvement Plan
 - To show academic growth in math as measured by the MEAP
 - To show academic growth in reading as measured by the MEAP
 - To show academic growth in writing as measured by the MEAP
- Tomlinson Middle School serves grades 7 and 8 graders. All teachers are highly qualified. Students will be offered physical education, vocal music, band, web design, digital literacy, lego robotics, math lab and Project Lead The Way in addition to core instruction.
- Tomlinson Middle School's curriculum and course guide can be found on our school's website, <http://westwood.tms.schooldesk.net/>
- Westwood Community School District will continue to use NWEA MAP testing for all students three times a year.
- Parent Teacher Conference Results

	Fall 2013
7th Grade	81%
8th Grade	78%

Tomlinson Middle School is committed to student safety, achievement and development. We are focused on preparing students for high school and beyond.

Sincerely,

Kristen Kajoian, Principal
