public health, safety or welfare requires emergency action based on the circumstances underlying the conviction.

³ Any person that violates this policy may be found guilty of a crime.

All applicants, employees, and individuals assigned to work under contract regularly and continuously in any of the District's schools shall give written consent for the District to request a criminal history and records check from both the State Police and the FBI.

The Superintendent shall make all requests for criminal records checks on a form and in a manner prescribed by the State Police.

If it is necessary to hire an individual during the school year or within 30 days before the beginning of that school year, the District may employ the individual without first receiving a criminal history or records check from the State Police if:

1. A criminal records check is requested before employing the individual conditionally; and
2. The individual signs a statement identifying all crimes for which he or she has been convicted, and agreeing that if the criminal history and records check is not consistent with the statement, the employment contract is voidable.

No later than July 1, 2008, the Superintendent shall do both of the following for each individual who, as of January 1, 2006, is either a full- or part-time employee of the District, or is assigned to work under contract regularly and continuously in any of its schools:

1. Request a criminal history check on the individual from the State Police.
2. Request a criminal records check through the FBI.

An individual shall be required to submit his or her fingerprints to the State Police for purposes of obtaining these reports. The State Police may charge a fee for conducting the criminal records check.

If a District applicant is a substitute teacher, a criminal records report received by another District, ISD, Public School Academy, or nonpublic school, or a report maintained by the Department of Education may be used. If no such report is available, a report shall be requested from the State Police.

If a District applicant is being considered for employment by more than one District and the applicant agrees in writing to allow the District to share his or her criminal records report with another District, ISD, Public School Academy, or nonpublic school, the District may satisfy its requirement by obtaining a copy of the report from another institution. If no such report is available, one shall be requested from the State Police.

The District is required by State law to have the Michigan State Police (MSP) obtain both a State and a Federal Bureau of Investigation (FBI) criminal history record information (CHRI) background check report for all employees of the District and those contractors who work on a regular and continuous basis in the District. To assure the security, confidentiality, and integrity of the CHRI background check information received from the MSP/FBI the following standards are established.

Sanctions for Non-Compliance

Employees who fail to comply with this policy and any guidelines issued to implement this policy will be subject to discipline for such violations. Discipline will range from counseling and retraining to discharge, based on the nature and severity of the violation. All violations will be recorded in writing, with the corrective action taken. The Superintendent shall review, approve, sign and date all such corrective actions.

Local Agency Security Officer (LASO)

The Human Resources Officer shall be designated as the District's Security Officer and shall be responsible for overall implementation of this policy and for data and system security. This shall include:

- A. ensuring that personnel security screening procedures are being followed as set forth in this policy;
- B. ensuring that approved and appropriate security measures are in place and working as expected;
- C. supporting policy compliance and institute the CSA incident response reporting procedures;
- D. ensuring the CSA ISO is promptly informed of any security incidents involving the abuse or breach of the system and/or access to criminal justice information;

- E. to the extent applicable, identifying and documenting how District equipment is connected to the Michigan State Police system;
- F. to the extent applicable, identify who is using the Michigan State Police approved hardware, software and firmware, and ensuring that no unauthorized individuals have access to these items.

The District's LASO shall be designated on the appropriate form as prescribed and maintained by the Michigan State Police.

Agency User Agreements

The District shall enter into any User Agreement required, and future amendments, by the Michigan State Police necessary to access the statutorily required CHRI on applicants, volunteers and contractors. The LASO shall be responsible for assuring the District's compliance with the terms of any such User Agreement.

Personnel Security

All individuals that have access to any criminal justice information shall be subject to the following standards.

A. Background Checks - A Michigan (or state of residency if other than Michigan) and a national fingerprint-based criminal history record check shall be conducted within thirty (30) days of assignment to a position with direct access to criminal justice information or with direct responsibility to configure and maintain computer systems and networks with direct access to criminal justice information.

1. A felony conviction of any kind will disqualify an individual for access to criminal justice information.

2. If any other results/records are returned, the individual shall not be granted access until the LASO reviews and determines access is appropriate. This includes, but is not limited to, any record which indicates the individual may be a fugitive or shows arrests without convictions. Such approval shall be recorded in writing, signed, dated and maintained with the individual's file.
3. Support personnel, contractors and custodial workers with access to physically secure locations or controlled areas (during criminal justice information processing) are subject to the same clearance standards as other individuals with access, unless they are escorted by authorized personnel at all times when in these locations or areas.

B. Subsequent Arrest/Conviction - If an individual granted access to criminal justice information is subsequently arrested and/or convicted, access shall be suspended immediately until the matter is reviewed by the LASO to determine if continued access is appropriate. Such determination shall be recorded in writing, signed, dated and maintained with the individual's file. In the event that the LASO has the arrest/conviction, the Superintendent (if not the designated LASO) shall make the determination.

C. Public Interest Denial - If the LASO determines that access to criminal justice information by any individual would not be in the public interest, access shall be denied whether that person is seeking access or has previously been granted access. Such decision and reasons shall be in writing, signed, dated and maintained in the individual's file.

D. Approval for Access - All requests for access to criminal justice information shall be as specified and approved by the LASO. Any such designee must be an employee of the District.

E. Termination of Employment/Access - Upon termination of employment, all access to criminal justice information shall be terminated for that individual, and steps taken to assure security of such information and any systems at the District to access such information.

F. Transfer/Re-assignment - When an individual who has been granted access to criminal justice information has been transferred or re-assigned to other duties, the LASO determine whether continued access is necessary and appropriate. If not, s/he shall take such steps as necessary to block further access to such information.

Media Protection

Access to electronic and physical media in all forms, which contains criminal history background information provided by the Michigan State Police through the statutory record check process, is restricted to authorized individuals only.

A. Media Storage and Access – All electronic and physical media shall be stored in a physically secure location or controlled area, such as locked office, locked cabinet or other similarly secure area(s) which can only be accessed by authorized individuals. If such security cannot be reasonably provided, then all electronic CHRI background data shall be encrypted.

B. Media Transport –Electronic and physical media shall be protected when being transported outside of a controlled area. Only authorized individuals shall transport the media. It shall be directly delivered to the intended person or destination and shall remain in the physical control and custody of the authorized individual at all times during transport. Access shall only be allowed to an authorized individual. To the extent possible, electronic media (e.g., hard drives and removable storage devices such as disks, tapes, flash drives and memory cards) shall be either encrypted and/or be password protected during the transport process.

C. Media Disposal/Sanitization – When the CHRI background check is no longer needed, the media upon which it is stored shall either be destroyed or sanitized. The LASO and the Superintendent shall approve in writing the media to be affected. This record shall be maintained by the LASO for a period of at least six (6) years.

1. Electronic Media - Sanitization of the media and deletion of the data shall be accomplished by either overwriting at least three (3) times or by degaussing, prior to disposal or reuse of the media. If the media is inoperable or will not be reused, it shall be destroyed by shredding, cutting, or other suitable method to assure that any data will not be retrievable.
2. Physical Media – Disposal of documents, images or other type of physical record of the criminal history information shall be cross-cut shredded or incinerated. Physical security of the documents and their information shall be maintained during the process by authorized individuals. Documents may not be placed in a waste basket or burn bag for unauthorized individuals to later collect and dispose of.

All disposal/sanitization shall be either conducted or witnessed by authorized personnel to assure that there is no misappropriation of or unauthorized access to the data to be deleted. Written documentation of the steps taken to sanitize or destroy the media shall be maintained for ten (10) years, and must include the date as well as the signatures of the person(s) performing and/or witnessing the process.

Controlled Area

All CHRI obtained from the Michigan State Police pursuant to the statutorily required background checks shall be maintained in a controlled area, which shall be a designated office, room, area or lockable storage container. The following security precautions will apply to the controlled area:

- A. Limited unauthorized personnel access to the area during times that criminal justice information is being processed or viewed.
- B. The controlled area shall be locked at all times when not in use or attended by an authorized individual.
- C. Information systems devices (e.g., computer screens) and physical documents, when in use, shall be positioned to prevent unauthorized individuals from being able to access or view them.
- D. Encryption shall be used for electronic storage of criminal justice information.

Passwords (Standard Authentication)

All authorized individuals with access to computer or systems where processing is conducted or containing criminal justice information must have a unique password to gain access. This password shall not be used for any other account to which the individual has access and shall comply with the following attributes and standards.

- A. at least eight (8) characters long on all systems
- B. not be a proper name or a word found in the dictionary
- C. not be the same as the user identification
- D. not be displayed when entered into the system (must use feature to hide password as typed)
- E. not be transmitted in the clear outside of the secure location used for criminal justice information storage and retrieval

- F. must expire and be changed every ninety (90) days
- G. renewed password cannot be the same as any prior ten (10) passwords used.

Security Awareness Training

All individuals who are authorized by the District to have access to criminal justice information or to systems which store criminal justice information shall have basic security awareness training within six (6) months of initial assignment/authorization and every two (2) years thereafter. The training shall, to the extent possible, be received through the Michigan State Police or a program approved by the Michigan State Police. At a minimum, the training shall comply with the standards established by U.S. Department of Justice and Federal Bureau of Investigation for Criminal Justice Information Services.

Secondary Dissemination of Information

If criminal history background information received from the Michigan State Police is released to another authorized agency under the sharing provision designated by The Revised School Code, a log of such releases shall be maintained and kept current indicating:

- A. the date of release;
- B. record disseminated;
- C. method of sharing;
- D. agency personnel that shared the CHRI;
- E. the agency to which the information was released;
- F. whether an authorization was obtained.

A log entry need not be kept if the receiving agency/entity is part of the primary information exchange agreements between the District and the Michigan State Police.

Audit Retention

The District shall retain audit records (Position description, consent, and CHRI for both applicants that are hired and those that are not) for at least 365 days. Audit records must continue to be maintained until it is determined they are no longer needed for administrative, legal, audit, or other operational purposes. This includes, for example, retention and availability of audit records subject to Freedom of Information Act (FOIA) requests, subpoena, litigation hold and law enforcement actions.

Professional staff members because of their proximity to students are frequently confronted with situations, which, if handled incorrectly, could result in liability to the District and personal liability to the professional staff member. It is the intent of the Board of Education to direct the preparation of guidelines that would minimize that possibility.

The Superintendent shall maintain and enforce the following standards:

- Each professional staff member shall maintain a standard of care for supervision, control, and protection of students commensurate with assigned duties and responsibilities.
- A professional staff member should not volunteer to assume responsibility for duties he/she cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.
- A professional staff member shall provide proper instruction in the safety matters presented in assigned course guides.
- Each professional staff member shall report immediately any accident or safety hazard he/she detects.
- Each professional staff member shall immediately report knowledge of threats of violence by students to the Principal.
- A professional staff member shall not send students on any personal errands.
- A professional staff member shall not associate or fraternize with students at any time in a manner which may give the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve harmful substances such as illegal drugs, alcohol, or tobacco. Any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential criminal prosecution and disciplinary action by the Board up to and including termination of employment.

This provision should not be construed as precluding a professional staff member from associating with students in private for legitimate or proper reasons.

However, dating, romantic and/ or sexual relationships with students, regardless of their age and regardless of consent are absolutely prohibited.

- If a student approaches a staff member to seek advice or to ask questions regarding a personal problem related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, the staff member may attempt to assist the student by facilitating contact with certified or licensed individuals in the District or community who specialize in the assessment, diagnosis, and treatment of the student's problem. Under no circumstances should a staff member attempt, unless properly licensed and authorized to do so, to counsel, assess, diagnose, or treat the student's problem or behavior, nor should such staff member inappropriately disclose personally identifiable information concerning the student to third persons not specifically authorized by law.
- A professional staff member shall not transport students in a private vehicle without the approval of the Principal.
- A student shall not be required to perform work or services that may be detrimental to his/her health.
- Staff members shall only engage in electronic communication with students via email, texting, social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., when such communication is directly related to curricular matters or co-curricular/extracurricular events or activities with prior approval of the Principal.

- Staff members are prohibited from electronically transmitting any personally identifiable image of a student(s), including video, photographs, streaming video, etc. via email, text message, or through the use of social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., unless such transmission has been made as part of a pre-approved curricular matter or co-curricular/extracurricular event or activity such as a school-sponsored publication or production in accordance with policy 8715.

Most information concerning a child in school other than directory information described in policy 8940 is confidential under Federal and State laws. Any staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

Pursuant to the laws of the State and Board policy 8580, each professional staff member shall report to the proper legal authorities immediately, any sign of suspected child abuse or neglect.

The Board has the legal responsibility of approving the staffing levels for all categories of District personnel. In addition, they are responsible for the formal approval of all teacher and administrative contracts. Once the Board through the budget adoption process has approved staffing levels, the Board delegates to the Superintendent the authority to recruit, screen, select, and recommend the employment of all staff members to fill the positions approved in the budget on the Board's behalf. In carrying out this responsibility, the Superintendent shall involve appropriate administrative and/or non-certified staff members as needed and use special criteria developed by the Board and/or staff.

The Superintendent shall bring his/her recommendations to the Board for approval.

Unless the Board can establish that the Superintendent has violated law, the policies of the Board, or the provisions of an applicable collective bargaining agreement in the selection of candidates recommended for a contract, the Board shall approve the Superintendent's recommendations. Members of the Board shall not involve themselves, either personally or as a collective body, in the recruitment, or selection process for any position to be filled in the District other than the position of Superintendent of Schools. The Superintendent may request a Member of the Board to serve on the interviewing committee.

Insofar as possible, new instructional and administrative staff being hired by the District shall be able to demonstrate expertise and experience in the use of various technologies to aid in the process of instruction. Questions regarding the candidate's ability to apply technologies to the teaching/learning/administrative process shall be included in all interviews of prospective candidates for teaching or administrative positions.

LEGAL REF: MCL 380.601(a) (1) (d), MCL 380.1229 and MCL 380.1231

To aid in obtaining the best available staff members for the District's schools, the District shall use the following general criteria in the selection process for initial employment:

- All Teaching candidates, if selected, must meet highly-qualified requirement status as defined by the Michigan Department of Education and will be assigned teaching positions accordingly.

All teachers during the first four full school years of employment shall be on probation, unless he or she has previously received tenure at another Michigan School District.

During this probationary period, the Board will ensure that the teacher is provided with an individualized development plan (IDP) and given an annual year-end performance evaluation, as provided for under current law. While it is not a requirement of law that an IDP be provided during a teacher's first year of employment, the District may elect to provide an IDP during that year. Additional performance evaluations or classroom observations, in addition to those required under the Teachers' Tenure Act, may be required as noted in the current negotiated agreement.

Tenure

Teachers attain continuing tenure, as a matter of law, after the satisfactory completion of their probationary period. Once tenure has been attained, the teacher shall remain on continuing tenure as provided for under current law.

The Board may recommend the discharge or demotion of a continuing tenure teacher only for reasonable and just cause and only as provided for under current law.

Continuing tenure will not be granted to any annual assignment of extra duty for extra pay.

Administrative Tenure

Administrators or teachers employed in assignments other than that of classroom teacher, shall be employed without continuing tenure in their other position, but will retain continuing tenure status in their teaching position.

Administration of Tenure

Provisions for evaluation of administrators and teachers are a priority of the Board. The Superintendent is responsible for developing procedures in agreement with the current negotiated agreement for meeting these priorities.

LEGAL REF: MCL 38.71 *et seq.*

It is the policy of this Board that all personnel decisions shall be based on retaining effective teachers in situations involving a staffing or program reduction or any other personnel decision resulting in the elimination of a position, as well as for hiring after such reductions/position eliminations or recall to vacant positions. Length of service or tenure status may only be considered by the administration when all other factors, as listed below, are considered equal amongst the potentially affected teachers.

The effectiveness of teachers shall be measured in accordance with the District's performance evaluation system developed under Section 1249 of the School Code, and the personnel decisions shall be based on the following factors:

- A. Individual performance shall be the majority factor in making the decision, and shall consist of but is not limited to all of the following:
 1. Evidence of student growth, which shall be the predominant factor in assessing an employee's individual performance.
 2. The teacher's demonstrated pedagogical skills, including at least a special determination concerning the teacher's knowledge of his or her subject area and the ability to impart that knowledge through planning, delivering rigorous content, checking for and building higher-level understanding, differentiating, and managing a classroom; and consistent preparation to maximize instructional time.
 3. The teacher's management of the classroom, manner and efficacy of disciplining students, rapport with parents/guardians and other teachers, and the ability to withstand the strain of teaching.

Section 5000 – Personnel

5510 Staff Reductions/Recalls

5510-2

4. The teacher's attendance and disciplinary record, if any.
- B. Significant, relevant accomplishments and contributions.
- This factor shall be based on whether the individual contributes to the overall performance of the school by making clear, significant, relevant contributions above the normal expectations for an individual in his or her peer group and having demonstrated a record of exceptional performance.
- C. Relevant special training. This factor shall be based on completion of relevant training other than the professional development or continuing education that is required by the employer or by state law, and integration of that training into instruction in a meaningful way.

A teacher who has been rated as “ineffective” under the performance evaluation system shall not be given any preference that would result in the teacher being retained over a teacher who is evaluated as “minimally effective,” “effective” or “highly effective” under the performance evaluation system.

The Board of Education, through the powers derived from the Revised School Code and other relevant statutes, is responsible for the employment and discharge of all personnel. To carry out this responsibility, with involvement of professional staff, it delegates to the Superintendent the function of establishing and implementing a rigorous, transparent, and fair performance evaluation system that does all of the following:

- A. Evaluates the employee's job performance at least annually while providing timely and constructive feedback;
- B. Establishes clear approaches to measuring student growth and provides professional staff with relevant data on student growth;
- C. Evaluates an employee's job performance, using the following multiple rating categories: (1) highly effective, (2) effective, (3) minimally effective, and (4) ineffective. (The categories shall take into account data on student growth as a significant factor. Student growth shall be measured by national, State, or local assessments and other objective criteria); and
- D. Uses the evaluations, at a minimum, to inform decisions regarding all of the following:
 1. The effectiveness of employees, so that they are given ample opportunities for improvement;
 2. Promotion, retention, and development of employees, including providing relevant coaching, instruction support, or professional development;
 3. Whether to grant tenure or full certification, or both, to employees, using rigorous standards and streamlined, transparent, and fair procedures; and

4. Removing ineffective tenured and untenured employees after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

The staff evaluation program shall aim at the early identification of specific areas in which the individual professional staff member needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to a professional staff member shall not release that professional staff member from the responsibility to improve. If a professional staff member, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal, or non-renewal procedures may be invoked. In such an instance, all relevant evaluation documents may be used in the proceedings.

Evaluations shall be conducted of each professional staff member as stipulated in the Teacher Tenure Act, the Revised School Code, the Superintendent's administrative guidelines and as directed by the Michigan Department of Education. A professional staff member shall be given a copy of any documents relating to his/her performance which are to be placed in the personnel file.

The evaluation procedure set forth above in this policy shall be in effect as of September 1, 2011, unless there is a collective bargaining agreement in place as of July 19, 2011 which would prevent implementation of this procedure. In that case, the procedure must be in place and become effective upon the expiration of the bargaining agreement.

This policy shall not deprive a professional staff member of any rights provided by State law.

General Procedure for Handling Complaints about a Member of the Professional Staff (Cf. 9450)

Complaints will be investigated fully and fairly, and the employee's rights to due process¹³ shall be protected at all times under these rules, applicable law, or in compliance with appropriate collective bargaining agreements.

Whenever a complaint is made directly to the Board as a whole or to a Board member as an individual, it shall be referred to the administration for study and possible solution. The employee involved will be informed and shall be given every opportunity for explanation, comment and presentation of the facts as the employee sees them. The employee shall also be given the opportunity to meet with the person(s) making the complaint if the employee so desires.

The employee involved may request a closed session of the Board for a full study and decision by this body. Statutory provisions for closed sessions of the Board shall be observed.

Generally all parties involved, including the administration, will be asked to attend such a meeting to present additional facts and clarify the issues. Hearsay and rumor shall be disregarded as will any emotional display.

The Board shall conduct such meetings in as fair and just a manner as possible. The Board may request a disinterested third party to act as moderator to help the Board reach a mutually satisfactory solution.

¹³ Due process includes both substantive and procedural due process. Substantive due process protects employees from arbitrary, capricious, irrational, or unreasonable action (requires that a rule or a disciplinary decision must be rationally related to a legitimate state interest). Procedural due process includes the concepts of proper notice to the accused and the right to a hearing before a property interest is taken away. The extent of the procedures due depends on the nature of the interest being taken away, i.e., the more that could potentially be taken away, the more procedural protections must be provided. If the maximum penalty that could be imposed is relatively small, only a small amount of procedural due process is required.

5715 Fair Labor Standards Act Compliance

5715

The Superintendent shall establish administrative rules, regulations, and procedures that are necessary to keep the District in compliance with the Fair Labor Standards Act of 1938, as amended, and the federal regulations pertaining thereto.

Approved: June 17, 2010

LEGAL REF: 29 U.S.C. 201, et seq., the Fair Labor Standards Act of 1938.

Section 5000 – Personnel

5715-R Fair Labor Standards Act Compliance

5715-R

As a District, we will bend every effort to comply with the FLSA¹⁵ through attention to the following administrative rules and regulations.¹⁶

Any employee found to be knowingly and willfully negligent in his/her attention to these rules will be subject to appropriate disciplinary action up to and including discharge.

Employee Overtime

No employee eligible under the FLSA shall be allowed to claim “overtime” pay unless that pay has been authorized, in advance and in writing, by the employee’s supervisor of record.

Supervisors are not to authorize “overtime pay” for any employee in excess of two (2) hours in any given pay period without prior approval of the Superintendent. “Overtime” should be considered a very unusual circumstance prompted only by emergencies or catastrophes and shall never be considered to be a regular employment practice of this District unless otherwise directed by the Board.

General Business Practices

It shall be the responsibility of District staff to see that the following business practices are followed:

¹⁵ Under the Fair Labor Standards Act (FLSA), the federal government has required that covered employers pay one and one half times an employee’s hourly wage for all hours worked in excess of 40 in one week.

The consequences of violating the Fair Labor Standards Act can be severe involving civil or even criminal actions against those who violate the Act.

The Department of Labor has the authority to assess a \$1,000 civil monetary penalty per employee for each repeated or willful violation of the law. The statute of limitations on FLSA claims are generally two years; however the limitations period is three years for “willful” violations. Establishing a “willful” violation is relatively easy, as the standard is whether the employer “knew” or had a “reckless disregard” for knowing whether its conduct violated its overtime obligations under the law. Allowing covered employees to work beyond 40 hours per week without added compensation or mutual agreement for compensatory time could mean, in addition, that the District is accruing liability for payment to the Michigan Public School Employees Retirement System.

Apart from civil penalties, the Department of Labor may also pursue criminal penalties for willful violations. An employer may be fined \$10,000 for a first willful offense of the Act. A second conviction may result in incarceration for up to six months. Finally, individual supervisors may be held liable under the Act subject to the penalties above.

¹⁶ The information to develop these administrative rules was provided by Mr. John Gierak, J.D. of Clark Hill, PLC, Attorneys at Law. MASB thanks Mr. Gierak and Clark Hill, PLC for giving MASB permission to use their materials in the development of these administrative rules relative to policy 5715.

Section 5000 – Personnel

5715-R Fair Labor Standards Act Compliance

5715-R-2

1. Job descriptions are to be kept up-to-date to reflect the actual duties of employees.
2. All District policies or practices regarding compensation or overtime are to be in writing. There are to be no “informal” understandings.
3. If there are employees who work more than one job, the two jobs are not considered separately for FLSA purposes even if there are two contracts with different terms and compensation.
4. Buildings and departments are to keep accurate FLSA records.
5. Compensatory time – Any agreement for compensatory time must be reached in advance of the work being done, and must be reached with the employees' collective bargaining representative, if they are so represented. Under any compensatory time rule or collective bargaining agreement, the employee may only accrue up to 160 overtime hours (or 240 comp time hours), thereafter any overtime hours worked must be paid. Employees must be permitted to use comp time, if allowed at all, within a "reasonable period" after the request is made so long as using it does not "unduly disrupt" the normal operations of the District. Also, if an employee quits or is terminated all unpaid comp time must be paid to the employee.
6. Overtime will accrue for non-exempt employees who serve as volunteer coaches on a regular basis or schedule. Supervisors are to be aware of the possibility of FLSA overtime rules for such employees.
7. Bus Drivers whose routes may take longer than the hours the driver is scheduled to work are to be paid for actual hours worked. Possible violations of overtime rules are to be scrutinized by supervisors.

Section 5000 – Personnel

5715-R Fair Labor Standards Act Compliance

5715-R-3

8. Non-exempt employees who have a 30-minute or more lunch but are expected to eat with students shall be considered to be “on duty” and must be paid accordingly. The lunch must be duty free or the employee must be compensated for the time.
9. FLSA time records are to be retained for at least 3 years.
10. No matter what the working relationship might be between the employee and the supervisor, there are to be no “routine exceptions” granted to formal FLSA policies.
11. It is permissible for school employees to volunteer their services to assist with “occasional and sporadic” school programs or functions without accruing overtime.
12. Employees are not to be allowed to keep their own time records without supervisory oversight.
13. School employees working functions held at school, but sponsored by others may be accruing “overtime.” Such employment shall be carefully supervised and monitored to avoid possible FLSA violations.
14. Breaks - all breaks must be 15 minutes or more and duty free, or paid unless otherwise stipulated in a collective bargaining agreement to be longer than 15 minutes.
15. Lunches must be 30 minutes or more and must be duty free. Employees should not “work through lunch” and/or “eat at their desk” even if doing so on a supposedly “voluntarily” basis.

Section 5000 – Personnel

5715-R Fair Labor Standards Act Compliance

5715-R-4

16. Employees that stay after scheduled hours because they have to take tickets at an athletic event, have “too much work to do, etc.” are working overtime for purposes of FLSA and such overtime must be approved in advance, in writing, by the supervisor.
17. All non-exempt employees are to be required to sign their time records.
18. Non-exempt employees expected or required to attend training sessions during the summer or on weekends during the school year, are probably accruing overtime and must be paid or mutual arrangements must be made for compensatory time.
19. Employees are to be directed to report for work at their scheduled time and leave at their scheduled time. The practices of “coming to work early and/or staying late” in order to get more work done must be discouraged.
20. Non-exempt employees are not to “take work home” nor be expected to work, or even volunteer, on a regular basis at early morning breakfast programs, or regularly participate in opening/closing school; or in setting up and cleaning up after functions/events.

Responsibilities of Administrators/Supervisors

1. The information in these administrative rules is to be included in employee handbooks with a clear explanation of FLSA laws.

Section 5000 – Personnel

5715-R Fair Labor Standards Act Compliance

5715-R-5

2. Make sure the FLSA posters are in places where non-exempt employees can readily see the posters. The FLSA requires the posters to be in "conspicuous places."
3. Attend training when offered and read information distributed about how records should be completed and how records should be maintained (note: all time records should be maintained for at least three years).
4. Make sure all schools, departments, organizations, etc. keep accurate time records signed by all employees. Record keeping is the first key to FLSA compliance. It is important to understand that the records must reflect actual time worked. Recording scheduled hours for each workday wherein the employee simply initials is not sufficient time-keeping records. Make sure that all employees are notified that the time-keeping records must reflect actual time worked. Wherever possible, electronic time clocks shall be used to record time worked.
5. Review time records carefully to minimize employment for more than 40 hours per workweek by support personnel. Review should occur at least quarterly.
6. Require written approval before overtime is authorized and require employees to sign time logs or records.
7. Impose appropriate discipline, if an employee works overtime without prior written approval from a supervisor.

Section 5000 – Personnel

5715-R Fair Labor Standards Act Compliance

5715-R-6

8. Examine the structure of school-operated after-school daycare programs and avoid employment of any personnel for a total or more than 40 hours a week in all jobs worked because in most instances, a program at school is going to be considered school employment even if the program is federally or privately funded outside of the school budget.
9. Pay for all overtime at the end of the pay period in which it is worked, or give compensatory time whether the overtime was properly approved or not.
10. Minimize (or, if possible, eliminate) dual assignments where the normal combined number of hours to be worked exceeds 40 per workweek. Adopt a system-wide policy regarding dual employment.
11. Use certified employees in coaching positions and as bus drivers when possible (band trips, athletic events, etc.).
12. In certain limited instances, request Department of Labor audit. This decision should always be made with the approval of the Superintendent and with assistance of counsel.
13. Be careful with hours worked by non-exempt personnel who assist with after-school athletic or school organization programs.

Internal Employment Audit

At the discretion and direction of the Superintendent, the District shall conduct an “Internal Employment Audit” regarding FLSA compliance on occasion. Such audits can detect and correct illegal or costly employment practices before the District is sued or audited by an external agency. A basic audit will consist of the following:

Section 5000 – Personnel

5715-R Fair Labor Standards Act Compliance

5715-R-7

2. Spot checks to ensure appropriate employment postings are actually posted.
3. A spot review of employment records and retention to ensure compliance with federal and state law, as well as accuracy.
4. A brief review of the employment forms used by the District.
5. An overall review of whether, at the building or departmental level, written policies, and administrative rules are being properly followed and implemented.
6. A review of the District's job descriptions.
7. A review of the District's hiring procedures.

Results of any internal audit will be made known to the Board of Education for their information and review.
